

Bariatric Stretchers

# Bariatric Stretchers

Our bariatric medical beds are designed for large and heavy patients. We've focused on larger, reinforced frameworks, and electronics with increased weight capacity. We also have patient weigh scale and powered-drive options.

## Carefully designed bariatric beds

All of our bariatric patient beds are designed with robust, durable components, offering a range of features including electric operation and extra-wide frames. Versatile in use, these designs are perfect for a long list of healthcare-related applications.

# Contour Recline Barituff

The Barituff is a 500kg SWL bariatric chair bed with an extra-wide top and deeper seat.

## Key Benefits

**Low & safe:** The ultra-low height is combined with dropsides that glide down vertically under the chair top to provide safe access with no protrusions to catch on the patients legs or clothes.

**Purpose built:** Increased componentry strength in the core frame design operates with higher capacity columns to safely lift 500kg without overload.

**Effortless control:** Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

**Supercharged:** Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for Day Surgery, ED, Podiatry & General Ward

## Why Buy?

Having equipment that is robust enough, that you can completely rely on, is the greatest challenge when caring for bariatric patients.

We have increased componentry strength in the core frame design which operates with higher capacity columns to safely lift 500kg without overload. A wider top with a deeper seat has been standardized to comfortably cater for large patients. Heavy-duty, dark coloured vinyl is used on the mattress cushions to combat wear and staining. This stretcher chair has been built for bariatric patients.

# Contour Recline Barituff

## Low and safe

Excellent 480mm low height with fold-under drop-sides.

The ultra-low height is combined with drop-sides that glide down vertically under the chair top to provide safe access with no protrusions to catch on the patients legs or clothes.

## Easy egress

Forward tilt facilitates getting on and off.

For aged or disabled patients, a gentle incline and the long drop-side armrests may assist in safer transfer.

## Lies flat

The backrest and leg rest move independently or together from chair to bed.

You now have the flexibility of sitting a patient up to almost 90 degrees or lying down completely flat.

## Head and foot tilt

A generous 15 degrees top tilt both directions.

Position a patient how you need them or quickly lower their head down (and feet up) in an emergency.

## Smart transfer

Conveniently stored handles unfold for staff friendly transportation.

Lock in the double steer system, unfold the push handles and move forward effortlessly on the large castors. The unique handle design correctly positions the carer while preventing unwanted forces being applied directly to the patient.

## Large top design

The Barituff has a 200mm wider x 140mm deeper seat than the standard Recline.

The seat size is increased to 850mm wide x 600mm deep, easily accommodating larger patients. Use our range of colour coding choices if required to assist in quick identification.

## Clear handset

Large simple functions with colour assistance.

Position the patient quickly and easily with the touch of a button - either by independently moving sections or applying one touch contouring.

## Specifications

**Size:** 980mm wide x 1270mm upright (1750mm lying flat) overall

**Seat width:** 850mm wide x 600mm deep seat

**Mattress size:** 110mm pressure care mattress cushion with heavy duty cover

**Height Range:** 480 - 880mm with lie-flat and forward/reverse tilt

**SWL:** 500kg

**Castor size:** Twin wheel 150mm castors

**Package Includes:** Standard IV, vertical oxy holder, drop down footrest & meal tray

## Product Code

Contour Recline Barituff Package: MPC-C-REB-P

# Contour Barituff

A 500kg SWL extra-wide electric stretcher designed for Bariatric patients.

## Key Benefits

**Purpose built:** Increased componentry strength in the core frame design operates with higher capacity columns to safely lift 500kg without overload.

**Effortless control:** Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

**Supercharged:** Keep things moving with long-life, cordless, fast-charge battery packs that work all day.

**Custom quality:** Manufactured in Australia with speed, quality, and care, plus customisation capability.

**Longest warranty:** Peace of mind with a lifetime of local support, easy maintenance, and fast guaranteed parts.

## Application

Ideal for Day Surgery, ED, General Ward & Bariatric Care

## Why Buy?

Having equipment that is robust enough, that you can completely rely on, is the greatest challenge when caring for Bariatric patients. The Contour Barituff has increased componentry strength in the core frame design and operates with higher capacity columns to safely lift 500kg without overload.

The stronger and wider top comfortably caters for large patients, with a choice of mattress styles available to suit the type of departmental use. Stretcher stability is assured through an increased base size. Powered drive and weigh scales genuinely reduce manual handling risks to the carer. This stretcher has been built for Bariatric patients.

# Contour Barituff

## Ultra-low height

Easier for patients to get on and off.  
The 470mm low platform height of this table takes away the requirement to use step stools or unnecessary heavy lifting. Sit and position your patient comfortably and then raise them to the desired work height with the touch of a button.

## Head and foot tilt

A generous 15 degrees top tilt both directions.  
Position a patient how you need them or quickly lower their head down (and feet up) in an emergency.

## Excellent high height

Preserve your back and raise a patient up to your best working height.

Lifting the platform height up to 850mm (plus an extra 110mm for the mattress pad thickness), helps you to examine and treat your patient without having to stoop over, ensuring easy access and less stress. The backrest travels from 0 to 85 degrees with emergency CPR quick release.

## Easy customisation

Increase top width, change colours, mattress and dropside styles.

Whether it is a specialised medical clinic or a department in a large hospital, every single customer has their own unique requirements to be able to function safely and efficiently. This stretcher has a longer, 7 riser PVC upgrade dropside.

## Specifications

**Overall Size:** 2135 x 1100mm

**Patient Surface:** 1900 x 980mm

**Mattress:** 110mm thick with 150mm thick option

**Height Range:** 470 - 850mm

**SWL:** 500kg

**Castor Size:** 150mm twin wheel castors

**Package Includes:** 110mm premia bari mattress, folding IV, vertical oxy, weigh scales, orbit drive, emergency CPR backrest release, 2nd handset & USB port

# Premium Stretcher Mattress

High performance mattress with outstanding durability and patient support within demanding acute environments.

## Key Benefits

- **Crucial support:** 5-layered high performance core for demanding environments.
- **Structural stability:** Integrated profile stabilizing sides and unique hinging system.
- **Fluid control:** Double coated, welded polyurethane cover with fluid proof zip.
- **Body distribution:** Superior 110mm mattress thickness with up to 350kg mass range.
- **Peace of mind:** Australian made plus offering a 5 year core foam and 4 year cover warranty.

# Premium Stretcher Mattress

## Stabilizing sides

High density bars down each side help to prevent roll off and assist the patient during egress by increased side strength of the mattress.

## Premium pressure relief

The special combination of foam densities and layers provide superior patient support.

## Profile cut sides

Strategically placed reliefs allow this thicker and denser mattress to conform to the stretcher surface contouring.

## Fluid proof zip

The unique zip design seals when closed to resist fluid penetration, with the added protection of a premium waterfall flap.

## Non-slip base

A specially coated base fabric helps to prevent unwanted movement of the mattress and grip the stretcher surface without requiring mechanical fastenings. This allows quick access and fast cleaning of the patient surfaces.

## Why Buy

The **Premia Forte** pressure relieving radiolucent support surface is our high spec version of the standard Contour Premia mattress. The specialised core structure provides best protection to patients at risk of injury without compromising support in crucial areas. A Premiflex stretcher cover provides ultimate patient comfort and protection. This mattress delivers an effective outcome - combining both high risk pressure care and longevity for demanding stretcher applications.

## Product Code

- Truncated End (hydraulic stretcher); MPT-CM-110-PRF
- Square Ends (electric stretcher); MPT-CM-110-PRPF

- Standard: 680 W x 1900mm L
- Narrow: 570mm W x 1900mm L
- Wide: 830mm W x 1900mm L

# Orbit-Drive

Taking patient transport to a new level in carer welfare with zero effort, 4-way power drive.

## Key Benefits

- Forward, back and sideways powered drive
- Intuitive height adjustable controls with emergency stop
- Powerful electric drive centre steer wheel

# Orbit-Drive

## Adjustable controls

Lower the drive controls down below the mattress height for enhanced patient access and specialised accessory use.

## Adaptable

Install the power drive system on many of the Contour stretcher models

## Powerful drive

An electric driven wheel pressured onto the floor that provides excellent traction and center steering.

## Sideways movement

The unique rotating design allows the stretcher to be driven in any direction - forwards, backwards and sideways!

## Why Buy

Take all the human effort out of pushing and jostling stretchers with an intuitive and intelligent drive system designed for easy use by any operator. Natural movement controls the speed and direction of the stretcher with the ability to stop very quickly by pulling back.

Help prevent the most common carer strain injuries by taking the back twist out of moving a stretcher forwards, backwards and sideways. Importantly, we haven't overlooked safety features such as emergency stop and system lock out, which are standard. Add this system to our traditional vertical column stretcher designs such as Contour Barituff, Classic, Deluxe and Multi-X to improve both standard and Bariatric patient transport.

## Product Code

- MPT-CA-EDU

# Oxy Holders

A selection of coated stainless steel oxy bottle holders that can be mounted vertically or horizontally.

## Key Benefits

- Tough, powder coated stainless steel basket construction
- Vertical basket size for up to 120mm diameter bottle; 320mm deep x 150mm wide
- A range of vertical mount positions - low, high with swivel or 45 and 90 degree fixed angles
- Horizontal basket size for up to 140mm diameter bottle; 600mm long x 180mm wide
- Horizontal basket can vary in hanging height depending on stretcher models; typically 280mm

## Product Code

- Vertical Rail Mount - MPT-CA-VO2
- Vertical Corner Mount Swivel - MPT-CA-VCO2
- Vertical Corner Mount Fixed 45 - MPT-CA-VCO2-45
- Vertical Corner Mount Fixed 90 - MPT-CA-VCO2-90
- Vertical Corner High Mount Swivel - MPT-CA-VCH-S
- Vertical Corner High Mount Fixed 45 - MPT-CA-VCH-45
- Vertical Corner High Mount Fixed 90 - MPT-CA-VCH-90
- Horizontal Oxy Holder - MPT-CA-HO2

## Why Buy

Due to so many wide and varied departmental requirements for specific oxy bottle sizes and positioning, we have developed a range of options. Larger bottles can be laid horizontally to ensure they are kept out of the way and smaller bottles are commonly mounted vertically. Some prefer 'fixed', non-moving positions and others require 'swinging' options that allow the bottles to be moved aside if they become an obstruction during transport. There is also the option to support bottles vertically both above and below the patient surface.

Vertical Corner Mount

Vertical Corner High Mount

Horizontal Oxy Holder

Horizontal Oxy Holder

# Weigh Scales

Add a weigh scale system to Contour Stretchers for ease of patient measuring and tracking.

## Key Benefits

200g accuracy Auto off with weight memory function Freeze weight to allow for additional accessories Excludes Contour Portare stretcher models
